## **YOUR ART TUTOR: CHERYL BRUCE**

Working primarily in watercolour, this NSW Central Coast artist specialises in loose and impressionistic paintings covering a wide variety of subject matter from still life, to seascape, landscape, boats, horses and portraits.

Cheryl takes inspiration from the environment around her which she finds the Central Coast provides in abundance. She has also travelled extensively, painting and sketching en plein air regularly, working quickly to impart the feeling of the subject rather than depicting every detail. Cheryl's gift for sharing techniques in a myriad of artforms and materials, makes her a popular mentor and tutor in Australia and internationally.

During the workshop you will be learning a variety of techniques while painting with Cheryl in a local studio setting for some sessions as well as painting and sketching en plein air. We will cover a diverse range of subject matter along with painting the local scenery. An en plein air kit including a folding seat, board, water bottle & water well will be provided.

*"While many artists consider themselves 'painters of light' I am drawn to the shadows, loving to depict the glowing and changing colours in the shadow passages, which I feel makes the highlights sing."*
