NORFOLK ISLAND 2023 ASTRONOMY TOUR

'Astro' Dave Reneke is one of Australia's best known and respected astronomers and lecturers, with links to some of the world's leading astronomical institutions. Presenting 'up-to-the-minute' information in an easy to understand and informative manner, he is an experienced guide with decades of experience leading star-gazing discovery tours.

The week's sessions start with a Welcome to meet Dave and other travellers for the event and finishes with a Farewell Dinner to share final thoughts from this inspirational experience. Our indoor Audio-Visual presentations include: **'Living and Working in Space'** and **UFO's – Where Do They Come From?** – real people, real cases. Hear the reports and see the evidence with world renowned UFO researcher: 'Astro' Dave Reneke. View the Moon up close, and planets, stars and nebula. Take a laser guided sky tour while enjoying Dave tell of Indigenous 'Sky Stories'. Take your own Moon photo and hold a real meteorite!

GOLD LEVEL DARK SKIES ON NORFOLK ISLAND

Norfolk Island proudly boasts one of the darkest skies on Earth, with little to no light pollution – the Island is officially registered as a **Gold Level Dark Sky Town** recognised for its "excellent dark sky – suitable for deep sky observing and astrophotography".

This follows Norfolk Tourism's successful application to the *Australian Dark Sky Register (ADSR)* in which this popular South Pacific holiday destination joins a select group of locations that provide great views of the night sky, which are accessible to everyone.

Please note that some tours are weather dependent and subject to change without notice. Optional tours are available at extra cost for participants wishing to learn more about Norfolk Island's unique culture, environment and industries.

EXPLORE NORFOLK ISLAND

There are so many reasons to visit Norfolk Island, situated only a short two hour flight from Brisbane or Sydney and mid-way between Australia and New Zealand. The beauty of the Island astounds arriving visitors, providing countless photographic opportunities – tall majestic pines, high rising cliffs, green undulating valleys, lush rainforest and brilliant turquoise waters over coral reefs.

This intriguing Island has so much on offer that, if you choose, you'll be very well entertained – and busy! Tours and activities include 4WD tours, Glass-Bottom Boats, eco-tours, progressive dinners to Islander homes, museums and heritage tours, sunset fish fries, bowls, golf, art trails and cottage industries. Let this South Pacific gem return you home safe and satisfied.
